3. Composition/information on ingredients

Mixtures

| Chemical name | Common name and synonyms | CAS number | % |
|--|---|---|-----------------------|
| ETHYL ALCOHOL | | 64-17-5 | 62 |
| Other components below report | table levels | | 38.01 |
| The specific chemical identity and/ | or percentage of composition has been withheld as | a trade secret. | |
| Composition comments | Percent by volume concentration of ETHYL ALCO | OHOL (64-17-5) is 70% (v | /v). |
| | Meets Alcohol Requirements stated in FDA Tenta Antiseptic Drug Products – 21 CFR Part 333.410 | | OTC Healthcare |
| 4. First-aid measures | | | |
| Inhalation | Move to fresh air. Call a physician if symptoms de | evelop or persist. | |
| Skin contact | If irritation occurs, flush skin with plenty of water. | Call a physician if irritatio | n persists. |
| Eye contact | Immediately flush eyes with plenty of water for at present and easy to do. Continue rinsing. Get me | | |
| Ingestion | Rinse mouth. Do not induce vomiting without adv attention if symptoms occur. | ice from poison control ce | nter. Get medical |
| Most important symptoms/effects, acute and delayed | Causes serious eye irritation. Symptoms may incl blurred vision. Coughing. | lude stinging, tearing, redi | ness, swelling, and |
| Indication of immediate medical attention and special treatment needed | Provide general supportive measures and treat s | ymptomatically. | |
| General information | Wash contaminated clothing before reuse. | | |
| 5. Fire-fighting measures | | | |
| Suitable extinguishing media | Alcohol resistant foam. Water fog. Carbon dioxide sand or earth may be used for small fires only. | e (CO2). Dry chemical pov | vder, carbon dioxic |
| Unsuitable extinguishing media | Do not use water jet as an extinguisher, as this w | ill spread the fire. | |
| Specific hazards arising from the chemical | Flammable liquid - may release vapors that form During fire, gases hazardous to health may be for | | above the flash po |
| Special protective equipment and precautions for firefighters | Self-contained breathing apparatus and full protection | ctive clothing must be wor | n in case of fire. |
| Fire fighting equipment/instructions | In case of fire and/or explosion do not breathe fur so without risk. | nes. Move containers fror | n fire area if you ca |
| Specific methods | Use standard firefighting procedures and conside | r the hazards of other invo | olved materials. |
| General fire hazards | Highly flammable liquid and vapor. | | |
| 6. Accidental release mea | sures | | |
| Personal precautions, protective equipment and emergency procedures | Wear appropriate protective equipment and cloth section 8 of the SDS. Eliminate all ignition source immediate area). Local authorities should be advi | s (no smoking, flares, spa | irks, or flames in |
| Methods and materials for containment and cleaning up | Eliminate all ignition sources (no smoking, flares, precautionary measures against static discharge. | | ediate area). Take |
| | Large Spills: Stop the flow of material, if this is wir possible. Cover with plastic sheet to prevent spre vermiculite, sand or earth to soak up the product Following product recovery, flush area with water | ading. Use a non-combus and place into a container | tible material like |
| | Small Spills: Absorb with earth, sand or other nor for later disposal. Wipe up with absorbent materia remove residual contamination. | | |
| | Never return spills to original containers for re-use | e. For waste disposal, see | e section 13 of the |
| Environmental precautions | Avoid discharge into drains, water courses or onto avoid environmental contamination | • | |

Avoid discharge into drains, water courses or onto the ground. Use appropriate containment to avoid environmental contamination.

7. Handling and storage

Precautions for safe handling

For external use only. Keep out of the reach of children. Do not get this material in contact with eyes. Wear gloves and safety glasses or goggles if handling large quantities. Do not handle or store near an open flame, heat or other sources of ignition. When using do not smoke.

Conditions for safe storage, including any incompatibilities

Keep away from heat, sparks and open flame. Eliminate sources of ignition. Store in a cool, dry place out of direct sunlight. Store in original tightly closed container. Store in a well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS). Keep in an area equipped with sprinklers.

8. Exposure controls/personal protection

Occupational exposure limits

| Components | Туре | Value |
|---------------------------------|---|---|
| ETHYL ALCOHOL (CAS 64-17-5) | PEL | 1900 mg/m3 |
| , | | 1000 ppm |
| US. ACGIH Threshold Limi | | |
| Components | Туре | Value |
| ETHYL ALCOHOL (CAS 64-17-5) | STEL | 1000 ppm |
| US. NIOSH: Pocket Guide | to Chemical Hazards | |

| | | 1000 ppm |
| logical limit values | No biological exposure limits noted | for the ingredient(s). |
| propriate engineering htrols | General ventilation normally adequa | ate. |
| ividual protection measures | s, such as personal protective equip | nent |
| Eye/face protection | None necessary under normal cond quantities. | itions of use. Wear safety glasses or goggles if handling lar |
| Skin protection | | |
| Hand protection | None necessary under normal cond quantities. | itions of use. Wear appropriate gloves if handling large |
| Other | None necessary under normal cond quantities. | itions of use. Wear appropriate gloves if handling large |
| Respiratory protection | Under normal conditions of use respiratory protection is not expected to be required. | |
| Thermal hazards | Not applicable. | |
| neral hygiene Isiderations | When using do not smoke. | |

9. Physical and chemical properties

| Appearance | Clear alcohol hand sanitizer. |
|-----------------------------------|-------------------------------|
| Physical state | Liquid. |
| Form | Foam when dispensed. |
| Color | Colorless |
| Odor | Alcohol |
| Odor threshold | Not available. |
| рН | 6 - 8 |
| Melting point/freezing point | Not available. |
| Initial boiling point and boiling | 173.3 °F (78.5 °C) estimated |
| range | |
| Flash point | 62.6 °F (17.0 °C) |
| Evaporation rate | Not available. |
| Flammability (solid, gas) | Not available. |
| | |

Upper/lower flammability or explosive limits

| opper/lower naminability or explosive limits | | |
|--|--|--|
| Not available. | | |
| | | |
| Complete | | |
| Not available. | | |
| | | |
| 0.89 - 0.9 | | |
| | | |

10. Stability and reactivity

| Reactivity | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|--|
| Chemical stability | Material is stable under normal conditions. |
| Possibility of hazardous reactions | Hazardous polymerization does not occur. |
| Conditions to avoid | Avoid heat, sparks, open flames and other ignition sources. Avoid temperatures exceeding the flash point. Contact with incompatible materials. |
| Incompatible materials | Strong oxidizing agents. Acids. Metals. Chlorine. |
| Hazardous decomposition products | Small amounts of nitrogen oxides, carbon monoxide, carbon dioxide and hydrocarbons may be released. |

11. Toxicological information

Information on likely routes of exposure

| Inhalation | No effects expected under normal conditions of use. |
|--|---|
| Skin contact | No effects expected under normal conditions of use. Prolonged skin contact may cause temporary irritation. |
| Eye contact | Causes serious eye irritation. |
| Ingestion | No effects expected under normal conditions of use. May be harmful if swallowed. |
| Symptoms related to the physical, chemical and toxicological characteristics | Causes serious eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. |

Information on toxicological effects

Acute toxicity

| Product | Species | Test Results |

| OSHA Specifically Regulate | d Substances (29 CFR 1910.1001-1050) | | |
| Not listed. | | | |
| Reproductive toxicity | Not hazardous under normal conditions of use. Chronic ingestion of ethanol can cause reproductive/developmental effects. | | |
| Specific target organ toxicity - single exposure | Not classified. | | |
| Specific target organ toxicity - repeated exposure | Not classified. | | |
| Aspiration hazard | Not an aspiration hazard. | | |
| Chronic effects | Not hazardous under normal conditions of use. Chro toxicity. | nic ingestion of ethanol can cause liver | |

12. Ecological information

Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

| Product | | Species | Test Results |
|---------------------|------------------|----------------------------|--|
| Pacific Garden® Foa | m Hand Sanitizer | | |
| Aquatic | | | |
| Fish | LC50 | Fish | 21599.8926 mg/l, 96 hours estimated |
| Components | | Species | Test Results |
| ETHYL ALCOHOL (C | CAS 64-17-5) | | |
| Aquatic | | | |
| Fish | LC50 | Fathead minnow (Pimephales | promelas) 13400 - 15100 mg/l, 96 hours |
| | | | |

* Estimates for product may be based on additional component data not shown.

Persistence and degradability No data is available on the degradability of this product.

Bioaccumulative potential

| Partition coefficient n-oct | tanol / water (log Kow) | |
|-----------------------------|---|--|
| ETHYL ALCOHOL | -0.31 | |
| Mobility in soil | No data available. | |
| Other adverse effects | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component. | |

13. Disposal considerations

| Disposal instructions | This product, if discarded as supplied, is considered a hazardous waste under RCRA, D001. |
|--|--|
| Local disposal regulations | Dispose in accordance with all applicable regulations. |
| Hazardous waste code | D001: Waste Flammable material with a flash point <140 F |
| Waste from residues / unused products | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| Contaminated packaging | Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty packaging/container can be disposed in accordance with all applicable regulations. |
| 14 Transport information | |

14. Transport information

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information

US federal regulations SDS prepared pursuant to the Hazard Communication Standard (29 CFR 1910.1200). This product is regulated under the US Federal Food, Drug, and Cosmetic Act.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

SARA 304 Emergency release notification

Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Yes

| Hazard categories | Immediate Hazard - Yes |
|-------------------|------------------------|
| - | Delayed Hazard - No |
| | Fire Hazard - Yes |
| | Pressure Hazard - No |
| | Reactivity Hazard - No |

SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous chemical

SARA 313 (TRI reporting)

Not regulated.

Other federal regulations

Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated. (SDWA)

US state regulations

US. California Controlled Substances. CA Department of Justice (California Health and Safety Code Section 11100) Not listed.

US. Massachusetts RTK - Substance List

ETHYL ALCOHOL (CAS 64-17-5)

- US. New Jersey Worker and Community Right-to-Know Act ETHYL ALCOHOL (CAS 64-17-5)
- US. Pennsylvania Worker and Community Right-to-Know Law ETHYL ALCOHOL (CAS 64-17-5)

US. Rhode Island RTK

Not regulated.

US. California Proposition 65

WARNING: This product contains a chemical known to the State of California to cause cancer.

US - California Proposition 65 - CRT: Listed date/Carcinogenic substance

DIETHANOLAMINE (CAS 111-42-2) Listed: June 22, 2012
